At QVARTZ, results and relationships are our core values and represented in everything we do – from shaping our culture and defining our character to guiding how we behave and make decisions. On November 8, we invite inquisitive non-business students to our Copenhagen office to hear more about how we work to change the management consulting industry from within.

Our Co-founder Torsten Hvidt will introduce you to who we are and why we think our Nordic roots and values are meaningful in a global perspective. We will introduce you to recent projects with two innovative and sustainable clients: a pioneering British start-up and a global pump manufacturing company. Afterwards, a handful of our consultants will be ready to answer all your questions, which we hope will lead to some lively discussions that can continue as we kick back with some relaxed music, drinks and a bite to eat.

Time: November 15, 17:00-22:00
Place: Ryesgade 3A, Copenhagen N
